## Work continues at I-10 and North Mesa

### Mesa

#### Daytime

Monday, Oct. 17 to Friday, Oct. 21  
9 a.m. to 4 p.m. each day

- A right lane on North Mesa Street (SH 20) will be closed from North Desert Boulevard to 50 feet past Osborne Drive (in the direction traveling toward Doniphan Drive).

These closures are necessary to allow crews to work on boring for utilities.

On the next page, we provide two renderings that show how the I-10 intersection at North Mesa St (SH 20) may look when the **GO 10** project is complete by 2019. Both images are looking eastbound. Portions of North Mesa St and portions of North and South Desert Blvd frontage roads will be upgraded. You can expect to see the addition of turn-only lanes, the addition of Texas turnarounds (aka U-turn lanes), improved drainage, and the elimination of the center support column under the I-10 bridge. Thank you for your patience.

more

The Texas Department of Transportation is responsible for maintaining 80,000 miles of road and for supporting aviation, rail, and public transportation across the state. GO 10 is a \$158 million reconstruction of Interstate 10 that spans approximately 6 miles on El Paso's West Side between Executive Center Boulevard and North Mesa Street. GO 10 features the addition of collector-distributor lanes and a new direct connector with Border West Expressway.

Maintain a Safe System • Address Congestion • Best-in-Class State Agency • Connect Texas Communities
